

RePallet™ : Recyclable Export Pallets

100% Recyclable, repulpable, shreddable, and compactable pallets

Benefits of RePallets vs. Wood Pallets:

- **Ideal for Exported Goods**
 - Vermin Free : no heat or chemical treatments required
 - Compliant with strict EU, IPPC, US, and ALL other international regulations/ Not all Wood Pallets are.
 - Lightweight: Average 15 lbs vs. 50 lb. wood pallet
 - Lower cost alternative to plastic pallets often used for exported goods due to wood pallet restrictions
- **Strength & Durability Equal to Wood Pallets**
 - 15,000 lbs. stack load; 5,300 lbs. dynamic load
- **Reduced Product Damage and Increase Safety**
 - 100 % Top Deck coverage
 - No nails or splinters
- **Reduced Air / LTL Freight Costs**
 - Average Air Freight savings are \$52 from Wood Pallets and \$40 from Plastic Pallets
- **Recycled Content**
 - RePallet™ is made with 50% PCW recycled paper and is 100% recyclable/compactable with corrugated boxes and materials.

FREIGHT COST COMPARISON:	Recyclable Export Pallet	Wood Pallet	Plastic Pallet
Weight in lbs.	15 lbs.	50 lbs.	40 lbs.
Avg. \$\$ of Air Freight per pallet	\$22.50	\$75.00	\$63.60
Avg. \$\$ of LTL Freight LTL (48"trailer)	\$3.75	\$12.50	\$10.00
